HISTORY

Welcome to the world of sportswear! Javafootwear is a sportswear company based in Surapati No.61, Bandung, Indonesia. Founded by Rudianto Loek, Javafootwear has unyielding passion in sportswear, especially in sports category. Established in 2006, Javafootwear offers nothing more than the latest and greatest range of sportswear ranging from low to high end. Currently Javafootwear has office branches in Indonesia including Jawa Barat, Jawa Timur, Bali and Sumatera Utara. Our stores consist of HOOPS, Puma Select, Puma mono brand, Adidas mono brand and Out Of The Box located all around Java, Bali and Sumatera.

In 1994, we started out as Footwear distributor located in Bandung and in 2006, we became PT. Java Footwear Sportindo. As we grow, we branch out to multi-brand store called Olympic and Victoria. Time goes by and we started to gain recognition, taking over of Adidas mono brand stores in Bandung. Through hard worked and undying passion for footwear, we started to expand to all over Java which includes Bandung, Jakarta, Surabaya, Medan, and Bali. Through our expansion, we thought that it will be wise to put all this brands and stores into a single company, and thus, Javafootwear is born. We begin to add more brands into our offline store, expand further with the inclusion of HOOPS Indonesia and the latest addition of Puma Select. For our online store, we have website hoop-sindonesia.co.id and pumastore.co.id, then our market place at blibli and Tokopedia.

However, rest assured that our success did not blind us from our original goals, which is to cater to everyone sportswear's needs. We strive to provide the best service and products there is in the industry and we intend to keep it that way. Javafootwear would like thank you all that have supported us from the beginning and hope that you will keep supporting us for the foreseeable future.
